OBJECTIVE

Computer Science Engineering undergraduate at **BMS College of Engineering** with a strong foundation in **data structures, problem-solving, and web development**. Seeking a **Software / Frontend Development Internship** to apply technical skills, gain real-world experience, and contribute to scalable software solutions.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science Engineering

B. M. S. College of Engineering, Bengaluru

2024 – 2028

CGPA: 9.6 / 10

TECHNICAL SKILLS

Programming Languages:

C, Java, Python, C++ (Basic)

Core Computer Science:

Data Structures & Algorithms, Object-Oriented Programming (OOPS), DBMS, Operating Systems (Basics)

Web Development & Tools:

HTML, CSS, JavaScript, React.js, Tailwind CSS, Node.js, Express.js, MongoDB, MySQL, Git, GitHub

PROJECTS

CampusMart – College Marketplace Web Application

MERN Stack | React, Tailwind CSS, Node.js, Express.js, MongoDB

- Developed a **full-stack web platform** enabling college students to **buy, sell, and trade items** within their campus

- Implemented **complete CRUD functionality** for product listings using RESTful APIs
- Built a **responsive and user-friendly frontend** with React.js and Tailwind CSS
- Designed backend services using Node.js and Express.js with MongoDB for data storage
- Followed a clean **client-server architecture** and API-based communication
- Strengthened understanding of **full-stack development, REST APIs, and database operations**

Student Management System (Ongoing)

Java / Python, MySQL

- Designing a system to manage **student enrollment, academic records, and profiles**
- Implementing **database connectivity and CRUD operations**
- Focused on modular design and data integrity

CERTIFICATIONS / COURSEWORK

- Programming in **C and Java**
- **Python Programming Fundamentals**

EXTRACURRICULAR ACTIVITIES

Core Tech Member – Team CodeLocked

- Participated in technical workshops and coding-related events
- Assisted in organizing and managing college-level technical activities

Volunteer – College Tech Fest

- Supported event organization and logistics for **200+ participants**
- Gained experience in coordination, teamwork, and execution

SOFT SKILLS

Problem-solving • Quick Learner • Team Collaboration • Time Management
